### Main Resort Description

"Our abilities ranged from novice to advanced. Serre Che had everything including a variety at each level. Alpine pistes, huge open motorway-style pistes...this place is a hidden gem for us Brits!"

"Spectacular mountain scenery right in front of you & to your left & right as you look up & down the valley. Stunning! I've been to many European resorts and this is by far the best!"

"We had an absolutely fantastic holiday. Really great, thank you so, so much for your help in organising. We really enjoyed the resort, the weather was fabulous, and it was the best snow all of us had ever seen. There was plenty to do, and a very good selection of runs, particularly suited to the beginner and medium skiers among us. The runs at the bottom were slushy due to the sunshine, but almost everything near the top of the mountain was great.

The apartment we were given was perfectly located, 2 minutes from ski school and opposite the supermarket/bakery - my only feedback would be that it was undersold! We were worried that we were going to be the other side of the valley from the description. There were plenty of maps available once we arrived, but it would have been great to be able to access these online before we went, as then we'd have known which apartment to choose, and wouldn't have worried about location.

We had a trip to the baths in Monetier, and they were great, although the boys couldn't go, as there were no 'board shorts' allowed, only speedos, and they weren't so keen on that! Us girls had a fab time though.

We were very grateful that we could bring our friend's daughter with us, she turned 3 while we were there, and started skiing the same day. So thank you for allowing that flexibility.

Big Slope Map (Format \*.jpg) , as it meant we didn't have to worry on the drive back up about what time we were making." Daily Mail Ski & Snowboard competition winner
